

# NEW WNBF PRESIDENT HAYZER CAYLI

**Hayzer Cayli WNBF Natural Bodybuilder & Asia  
Pacific President**

In 2011 Hayzer Cayli has become the recent Asia Pacific President. The role has been challenging so far with much to restructure and organise.

His passion for the bodybuilding and fitness has inspired him to become a leader in this sport. He has achieved many great results in the Natural Bodybuilding scene and aims to pass on his experience and drive into the role of promoting WNBF Championships and making the sport a main stream event in Australia.

Hayzer would like to thank all athletes, spectators, volunteers, sponsors and the promoters who have supported the WNBF over the past 5 years.

He looks forward to the journey ahead and making this a very successful federation to be involved in.
